

Eagle Materials Binder

Once the Eagle candidate has completed all of the requirements other than the Scoutmaster Conference and Eagle Board of Review, he should create a three ring binder containing the materials that the members of the Eagle Board of Review will need to read.

The binder is a three ring binder, usually white, of the type into which an outside cover page can be slipped. The contents of the binder are:

- some kind of cover page that has your name, troop, some reference to Eagle, and maybe a picture or computer graphic of your choosing
- numbered, lettered or titled tabs or dividers between the sections
- the following sections:
 - table of contents
 - Eagle Application
 - Eagle Project Proposal
 - Eagle Scout Leadership Service Project Workbook (with signatures)
 - Eagle Project Report, including pictures
 - Statement of Ambitions and Life Purpose
 - Listing of Leadership Positions

(The District no longer requires that each page be encased in a page separator sheet.)

The Eagle candidate should bring one to the Scoutmaster Conference. After the Scoutmaster approves it at the Scoutmaster Conference, the Eagle candidate delivers it to the Potawatomi District Eagle Advancement Chair (currently Mr. Sullivan) for his approval. Once the Chair has approved it, the Eagle candidate will need to create two more identical binders and deliver them to the Chair, so that there is a binder for each of the three Board of Review members.
